• Washington Regional Medical Foundation, Fayetteville, for the *Washington Regional Cancer Support Home* project, addressing cancer.

• Wildwood Park for the Arts, Little Rock, for the *Lily and the Apple Seed* project, addressing healthy lifestyles and nutrition.
Nonprofit and charitable organizations, schools, and government institutions in Arkansas are eligible to apply for two different programs: a $1,000 mini-grant program and a regular grants program of $5,000 to $150,000. New applications will be accepted beginning in April, 2013. Grant guidelines and the online applications can be found at www.BlueAndYouFoundationArkansas.org.

The Blue & You Foundation was established in 2001 by Arkansas Blue Cross and Blue Shield to help support community organizations that are implementing programs to improve the health of Arkansans.

“In its first 10 years of grantmaking, the Blue & You Foundation has awarded a total of $14 million to 293 health improvement projects in Arkansas,” said Patrick O’Sullivan, executive director. “These include programs to address obesity, diabetes, healthy lifestyles, medical and dental care for the uninsured, and dozens of other health issues that are affecting our state’s population.”

The Blue & You Foundation is an independent licensee of the Blue Cross and Blue Shield Association and serves the state of Arkansas.
